Email: rolando.abeldano.civ@health.mil

Address: Navy Medicine Readiness & Training Command

GME: Orthopaedic Surgery

34800 Bob Wilson Drive

San Diego, CA 92134

Mission

The mission of Naval Medical Center San Diego’s Orthopaedic Surgery Residency program is to graduate highly competent, well-rounded Orthopaedic surgeons capable of providing world-class clinical care to our war-fighters and their families, and to provide that care in any environment, including forward deployed, austere locations.

Aims

- The program aims to continue to graduate highly-competent, well-rounded Orthopaedic surgeons capable of providing excellent clinical care to military service members and their families.
- The program aims to develop surgeons who can adapt and thrive in a variety of clinical settings, including forward-deployed, austere environments.
- The program aims to continue to develop the skills and capabilities of its teaching faculty, both through a structured faculty development curriculum and by continuing to welcome the most challenging and complex Orthopaedic practice referrals in the military.
- The program aims to continue developing its research capabilities in order to provide leading clinical, basic-science, and biomechanical research that will benefit the Orthopaedic community worldwide.

Program Description

- The Orthopaedic Surgery Program is an ACGME accredited, five-year program comprised of 25 residents, including five dedicated categorical PGY-1 residents. NMC San Diego is a proven leader in academic and clinical orthopedics in both civilian and military academic communities. The NMC San Diego Orthopaedic Residency Program excels in preparing its residents to be skilled and competent Navy Orthopaedic Surgeons.

Rotations

PGY-1 Rotations	Sites	PGY-2 Rotations	Sites	PGY-3 Rotations	Sites

Foot and Ankle / Onc	NMCSD			Sports Medicine	NMCSD
Hand	NMCSD			Ortho Peds	NMCSD
Trauma	Denver			Super Chief	NMCSD
Major Joints	NMCSD / Sharp Coronado			Major Joints	Sharp Memorial
Spine	SDSF @ Scripps Green			Shoulder & Trauma	Kaiser

Academic Curriculum

Academics at Balboa consists of a combination of lectures, presentations, department-wide conferences and hands-on cadaver sessions. Our department also combines approximately 10 times a year with University of California San Diego's Orthopaedic Department for grand round talks, visiting professors and participates in joint academic endeavors, conferences, and bioskills events in the local San Diego area.

Wednesday NMCSO Academic Schedule:

1400-1500: Anatomy

1500-1600: Fx Rounds

1600-1700: Case Conference

1700-1800: Resident led OITE academics

On a monthly basis:

- Department Journal Club
- Peer Review Conference
