Address: Navy Medicine Readiness & Training Command

GME: Otolaryngology-HNS

34800 Bob Wilson Drive

San Diego, CA 92134

Mission

The mission of our Otolaryngology Residency Program at Naval Medical Center San Diego is to provide the highest educational experience through delivery of exceptional healthcare services to our patients and by the advancement of military medicine through education, training, and research.

Aims

- Via continuous process improvements and program review, we will diligently strive to provide an exceptionally well-rounded curriculum with outstanding clinical experience in all Otolaryngology specialties as well as abundant opportunity for research and academics.
- Our residency will graduate highly competent Otolaryngologists to care for our operational forces around the world and provide every opportunity to pursue advanced fellowship training and careers in academic medicine.

Program Description

- Accreditation Status: Continued Accreditation
- Length of Training: 5 Years
- Training Complement: 10
- Required prior ACGME training and required number of years: Residents must complete a preliminary year in Otolaryngology-HNS. Prior credit may count toward that time however it must be approved in advance by the American Board of Otolaryngology - Head and Neck Surgery. A

minimum of 6 months of training in the specialty is required during the preliminary year.
